

If not now, then when?

It is time to get serious about ending homelessness in Salt Lake County.

July 8, 2021 at 3:00 PM
Salt Lake County Government Center
2001 S State Street, Salt Lake City

Over the next two years Salt Lake County will receive \$225 million in funding through the American Rescue Plan Act. The Coalition of Religious Communities believes County officials should dedicate twenty percent of that funding to the production of housing that would reduce homelessness in the County and to ask cities in Salt Lake County to join in dedicating ARPA funds to this important purpose.

On Thursday, July 8,, 2021, at 3 PM, we will be setting up a tent outside the County Government Center and inviting County officials to come out and talk with us about the importance of building housing to end homelessness.

Please come with us!
