

Ending child homelessness: *an update on where things stand in Utah*

October 3, 2017

12:00-1:00 PM

First Baptist Church

777 South 1300 East

Salt Lake City

Earlier this year members of the Coalition of Religious Communities successfully supported legislation requiring the state to study child homelessness and make recommendations for reducing it. The first report after the passage of this legislation is due to be released on October 2nd. We will have copies at our quarterly meeting for Salt Lake County on the following day!

We also will have materials for our second annual Ending Child Homelessness Sabbath in January.

Everyone is welcome to come and be part of this discussion.
